**STEIN LODGE WILL OPEN
WEDNESDAY, JULY 1**

PARK CITY, Utah (June 10, 2020) – After temporarily closing their doors to prioritize the health and safety of their guests, staff and community during the coronavirus (COVID-19) pandemic, Stein Eriksen Lodge and the Stein Collection of Hotels and Luxury Homes invite visitors to confidently return to one of our legendary hotels or homes. The award-winning Stein Eriksen Lodge, Utah’s only Forbes Five-Star Hotel and Spa, The Stein Eriksen Residences, The Chateaux at Deer Valley, their collection of Luxury Homes will resume operations beginning Wednesday, July 1 in advance of the 4th of July holiday.

“Even though we have been temporarily closed it is our commitment to provide each guest the same legendary luxury experiences in our fresh and safe mountain environment this summer that Steins is known for while complying with all COVID-19 safety standards and guidelines,” said Stein Collection CEO Russ Olsen. “Although operations will look different than in years past, we are very much looking forward to opening our collection and welcoming guests back to all of the properties they have enjoyed in the past.”

While there is an inherent desire to return to “life before the pandemic,” The Stein Eriksen Collection family will continue to maintain added safety precautions for the health, security and peace of mind of all guests and staff members. The Stein Collection family of properties lead the industry in world-class accommodations, amenities and service, and visitors can rest assured their stay will be an unforgettable and safe experience.

As guests prepare to “Retreat to the Mountains” this summer in search of a safe and relaxing getaway or a much-needed staycation, the health and well-being of our guests, staff and community continue to be of paramount importance. Due to new safety procedures, there will be a strict adherence to COVID-19 guidelines from the Center for Disease Control (CDC), The Utah Department of Health and the Summit County Health Department.
